

SAFETY NOTICE

Case of "BIRD" malfunction with NOTCH item # 53420 - Rope Runner Pro

ROPE RUNNER PRO INSPECTION NOTICE

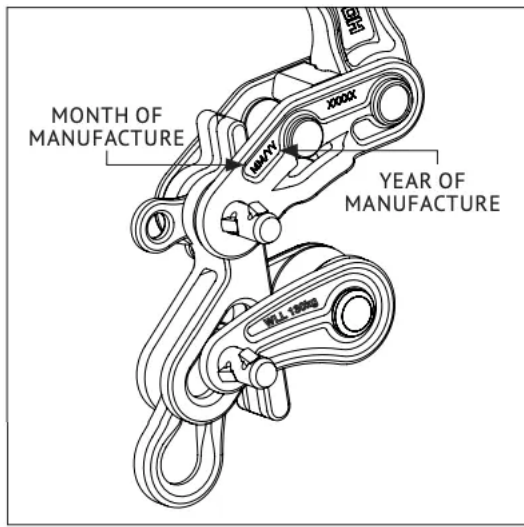

THE ISSUE

We have received limited reports of users experiencing malfunctioning "Birds" while using the Rope Runner Pro. We ask you to do a manual inspection and a function test of your product, to detect any possible concerns. Please refer to point 3 and point 6 in your user instructions for detailed information on inspection criteria.

BATCH #'S THAT SHOULD BE INSPECTED

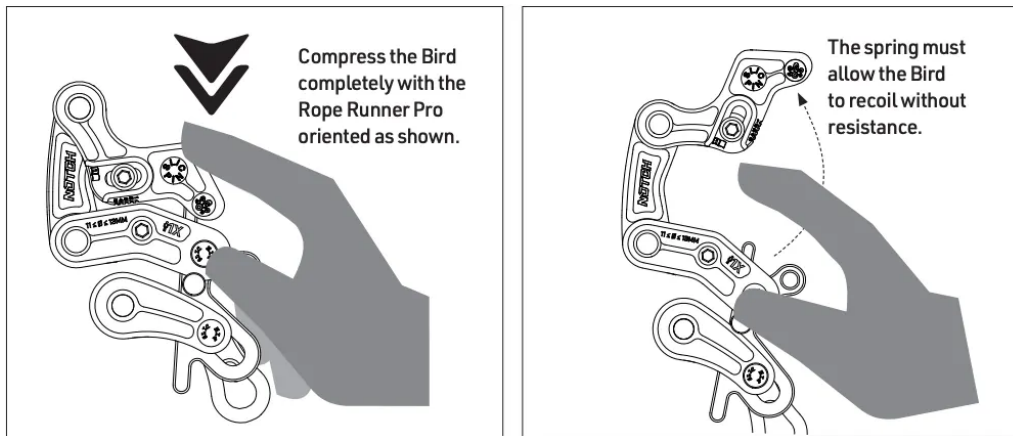

Includes the Month and Year of Manufacture dates as follows

05/20	07/20
12/20	03/21
08/20	10/20
05/21	10/21

SPECIFIC INSPECTION METHOD

Verify the Bird pivots smoothly and the effectiveness of its spring.

THE REMEDY

At Notch Equipment we take your safety seriously. In case your product does not pass the functional inspection, please remove it from service immediately and return it for repair or replacement by contacting info@notchequipment.com or calling (833) 795-0604. Thank you for putting your trust in Notch Equipment.
